NORTH DAKOTA HOMELAND SECURITY ANTI-TERRORISM SUMMARY

The North Dakota Open Source Anti-Terrorism Summary is a product of the North Dakota State and Local Intelligence Center (NDSLIC). It provides open source news articles and information on terrorism, crime, and potential destructive or damaging acts of nature or unintentional acts. Articles are placed in the Anti-Terrorism Summary to provide situational awareness for local law enforcement, first responders, government officials, and private/public infrastructure owners.

Investigating Aaron Alexis. As the community begins to heal after Monday's shooting, new details are emerging that paint a picture of the damage left behind inside Building 197. Source: <http://earlystart.blogs.cnn.com/2013/09/19/investigating-aaron-alexis/?iref=allsearch>

INTERNATIONAL

(Canada) Diesel leaked from Sarnia pipeline reaches St. Clair River. Portions of a Sun-Canadian Pipeline were shut after low-sulphur diesel leaked from the pipeline in Sarnia September 10 and reached the St. Clair River. Authorities are conducting tests and do not believe any petroleum-based contaminants reached the water. Source: <http://www.thetimesherald.com/article/20130911/NEWS05/130911009/Diesel-leaked-from-Sarnia-pipeline-reaches-St-Clair-River?gcheck=1>

BANKING AND FINANCE INDUSTRY

Do you trust your waiter? Hacked bank-card reader TEXTS your info to crims. A video advertising a compromised card reader was discovered on underweb forums that allows a customer's card info to be retained and extracted via a cable or by text message if the device is fitted with a SIM card. The sellers of the device also offer a money laundering service to buyers of the device that utilizes a network of corrupt merchants. Source:
